

INTRODUCTION

Hydroequip is a trusted leader in waste management solutions, offering state-of-the-art garbage compactors that provide a seamless, cost-effective, and eco-friendly waste disposal experience. When you choose Hydroequip, you're investing in a brighter, cleaner, and more efficient future. Join us in redefining waste management. Contact us today to learn more about how Hydroequip Garbage Compactors can transform your waste disposal process and contribute to a greener world. Together, we can make a difference.

KEY FEATURES

Hydraulic Power:
Our garbage compactors are equipped with robust hydraulic systems that ensure maximum compaction force, reducing the volume of waste significantly.

User-Friendly Controls:
Intuitive control panels make operating our compactors straightforward for all users, reducing the need for extensive training.

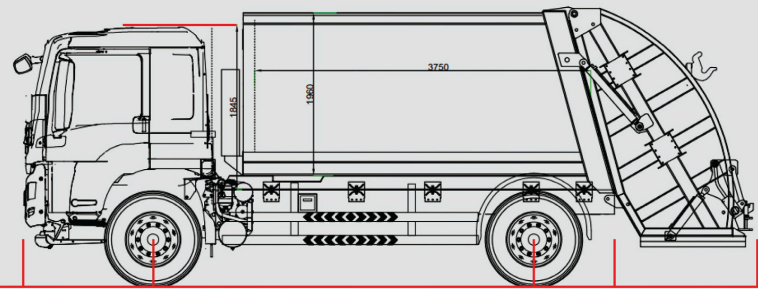

Safety Features:
We prioritize safety, incorporating advanced safety mechanisms to protect operators and prevent accidents.

Highly Durable Build:
Crafted from premium materials, our compactors are built to withstand heavy-duty usage, minimizing downtime and maintenance costs.

Customization Options:
Tailor our garbage compactors to your specific needs with a range of customization options, including size, capacity, and color.

Low Environmental Impact:
Hydroequip Garbage Compactors help reduce carbon footprint by minimizing waste volume and decreasing transportation requirements.

STANDARD SPECIFICATIONS

MODEL	HYE-COMPACT-6	HYE-COMPACT-8	HYE-COMPACT-10	HYE-COMPACT-16	HYE-COMPACT-23
GVW CHASSIS	10 TON	12 TON	16 TON	24 TON	33 TON
RECOMMENDED WHEELBASE	3800 MM	4200 MM	4500 MM	4800 MM	4800 MM
BODY USEFUL CAPACITY IN CBM	6 CBM	8 CBM	10 CBM	16 CBM	23 CBM
OVERALL LENGTH BODY	3650 MM	4000 MM	4550 MM	4950 MM	5350 MM
OVERALL LENGTH WITH TAIL-GATE	5150 MM	5600 MM	6100 MM	6500 MM	6500 MM
WIDTH INTERNAL	1600 MM	1800 MM	1800 MM	2300 MM	2400 MM
WIDTH EXTERNAL	1800 MM	2000 MM	2000 MM	2400 MM	2500 MM

TAIL-GATE WIDTH	2060 MM	2160 MM	2160 MM	2500 MM	2500 MM
COMPACTION RATIO	4:1	5:1	5:1	5:1	5:1

GARBAGE BODY SPECS

- Body floor 6 mm thick Hardox or Eqvt.
- Body sides 5 mm thick Hardox or Eqvt / ST52 rade steel.
- Body roof 4 mm thick ST52 grade.
- Body with curved side wall profile.

HYDROEQUIP GARBAGE COMPACTORS TRANSFORMING WASTE MANAGEMENT.

ONTRUCK INDIA
EQUIPMENT PRIVATE LTD

**BUILDING NO. 22, J. K. INDUSTRIAL PARK
DHAMATVAN, AHMEDABAD
GUJARAT
PIN CODE: 382435**

BENEFITS

- Cost Savings:**

Reduce waste disposal costs by significantly reducing waste volume, leading to fewer collections and landfill fees.
- Environmental Responsibility:**

Contribute to sustainability goals by reducing waste and lowering emissions associated with waste transportation.
- Space Optimization:**

Our compactors save valuable space by reducing the need for large waste storage areas.

- Increased Efficiency:**

Streamline waste management operations with quicker compaction cycles, allowing for more efficient waste handling.
- Enhanced Hygiene:**

Minimize contact with waste materials, improving workplace hygiene and reducing the risk of contamination.
- Improved Aesthetics**

A clean, organized waste management area enhances the overall appearance of your facility or city.

WHY CHOOSE
HYDROEQUIP?

Hydroequip is a trusted leader in waste management solutions, offering state-of-the-art garbage compactors that provide a seamless, cost-effective, and eco-friendly waste disposal experience. When you choose Hydroequip, you're investing in a brighter, cleaner, and more efficient future. Join us in redefining waste management. Contact us today to learn more about how Hydroequip Garbage Compactors can transform your waste disposal process and contribute to a greener world. **Together, we can make a difference.**

SPECIFICATIONS

- Available Capacities:** 6 to 25 cbm.

Compaction Ratio 1:4 to 1:5.
- Dimensions:** Customizable to fit the wheelbase.

Bin lifter 1100 ltrs.

Bin lifter 120, 240, 360 ltrs.

Bin lifter 2.5, 4.5 cbm Din standard.

- Power Source:** PTO from gear box.

Control Options: Manual or Automatic.

APPLICATIONS

- Commercial and Industrial Facilities

Municipal Waste Collection

Apartment Complexes

Educational Institutions

Restaurants and Hospitality

Retail Centers

Healthcare Facilities

Skip Arms Details: This Option is possible to discharge Garbage Bins from 5 m3 up to 7 m3 . System Works with different control system and mounted on the tailgate of Garbage Compactors. There are outriggers in order to make stabil for discharging operations.This is an optional system.

Hopper capacity based on the Compactor body volume.
1 cbm 1.5 cbm 2.0 cbm 2.5 cbm

Tail gate lifting with 2 button safe operation

Hydraulic oil tank with filters.

Manual operation for Emergency.

Bin lifter operation by buttons.

Compaction blade operations – Single and Multi-cycle.

Maintenance lock for safety.

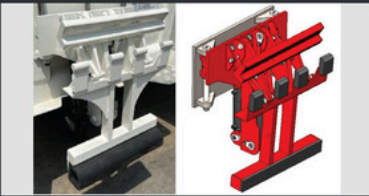

Tail gate lifting cylinders Heavy duty.

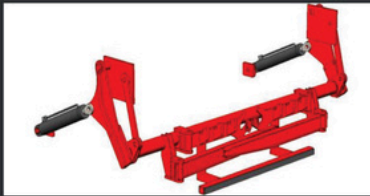

Ejector plate with IN/OUT functions and Emergency Stop.

Compaction blade operation with 4 Heavy duty cylinders PLC controlled operation for single and multi-cycle.

120/240/360 ltr bin lifter

Bin lifter in combination with 240 ltr bin lifter.
